BUSINESS FORMS, INC. PURCHASES ASSETS OF BELKNAP BUSINESS FORMS, INC.

PITTSBURGH, PA – JUNE 7, 2006 – Business Forms, Inc. (BFI) has made an acquisition of certain assets of company Belknap Business Forms, Inc., based in Mayville, New York. BFI will now handle Belknap's traditional forms product line.

As a result of the acquisition, BFI will have greater presence in the forms industry, with significant opportunities for growth. With BFI's onsite printing capabilities, the ability to print larger volumes of forms strengthens the company's position as a leading printer of business forms. Liberty-Pittsburgh Systems, Inc. CEO Kevin Weir states, "Our acquisition of the Belknap business is a wonderful opportunity and fits right into the work we currently do at BFI. We are intent on assuring that we continue to provide the high level of service the customers have previously enjoyed through Belknap."

Dave Stroup will continue to lead BFI as General Manager, and he will become proactively involved with Belknap's business forms customers. BFI has already received current files and production material related to the jobs that have been acquired. "With the receipt of the files from Belknap we hope to make the transition as seamless as possible," affirms Mr. Stroup.

About Business Forms, Inc.:

Business Forms, Inc. is a division of Liberty-Pittsburgh Systems, Inc. located in Pittsburgh, Pennsylvania. The company specializes in custom forms, checks, snap-outs, and thermal rolls. All forms produced through BFI are customized for each customer. BFI was recently recognized with the "Best Computer Checks" title in The Printing Industry of Western Pennsylvania's annual printing contest.
