PRESS RELEASE

LIBERTY-PITTSBURGH SYSTEMS, INC. LAUNCHES NEW WEBSITE

Improved website offers customers more detailed information

PITTSBURGH, PA – JANUARY 27, 2006 – Liberty-Pittsburgh Systems, Inc. announces the unveiling of the company's new and improved website. The website, www.goLPS.com, was redesigned in order to provide their customers with full access to current product and company information. The updated site provides users with the following highlights:

- Fully browseable and searchable product catalog w/ detailed specifications
- High resolution product photos
- Full contact information
- Customer Care info
- Field Sales info
- Map and Directions to LPS
- Press Releases
- Industry resource links
- Viewable in Nine different languages including Spanish and Korean
- What's New section highlighting recently introduced products
- Upcoming Trade Show information w/ links
- Much more to come!

Liberty-Pittsburgh Systems, Inc. has supplied forms and tagging systems to the dry cleaning and laundry industry for nearly a century. With a worldwide customer base, the improved website will make it easier for customers to keep up with new products and the latest information.
